In 1968, a clerical mistake threatens the prestigious but cash-strapped Goode School in the small New England town of Cape Wilde. After a century of all-male, old-boy education, the school accidentally admits its first female student: Carole Faust, a brilliant, outspoken, fifteen-year-old black girl whose arrival will have both an immediate and long-term effect on the prep school and everyone in its orbit. There s the school s philandering headmaster, Goddard God Byrd, who had promised co-education over his dead body and who finds his syllabi full of dead white males and patriarchal tradition constantly challenged; there s EV, the daughter of God s widowed mistress who watches Carole s actions as she grows older with wide eyes and admiration; and, finally, there s Carole herself, who bears the singular challenge of being the First Girl in a world that s not quite ready to embrace her.
