Engineering GCSE (Paperback)

By Mike Tooley

Taylor Francis Ltd, United Kingdom, 2005. Paperback. Book Condition: New. 2nd Revised edition. 260 x 194 mm. Language: English . Brand New Book. Mike Tooley s accessible, activity-based approach introduces students to engineering and the pivotal role it plays in the modern world, as well as providing opportunities to develop engineering skills and acquire the knowledge needed for the latest GCSE schemes from Edexcel, OCR and AQA. This book builds on the success of Mike Tooley s GNVQ and BTEC National Engineering texts, which have helped thousands of students to gain their first engineering qualification. The text, case studies, activities and review questions included throughout this book are designed to encourage students to explore engineering for themselves through a variety of different learning experiences. The practical process of designing and making a product offers the chance to develop the skills of engineering drawing, basic electronics and workshop techniques. Case studies, and research work using the internet and other sources, introduce the wide variety of engineering sectors and employment, from the automotive industry to telecommunications. With the first three chapters matched to the assessed units of the GCSE programme, the second edition also includes an additional topic-based chapter introducing the essential...
