Chronic and Acute Leukemias in Adults

By Bloomfield, Clara D.

Book Condition: New. Publisher/Verlag: Springer, Berlin | Where do you begin to look for a recent, authoritative article on the diagnosis or management of a particular malignancy? The few general on cology textbooks are generally out of date. Single papers in specialized jour nals are informative but seldom comprehensive; these are more often pre liminary reports on a very limited number of patients. Certain general jour nals frequently publish good indepth reviews of cancer topics, and published symposium lectures are often the best overviews available. Unfortunately, these reviews and supplements appear sporadically, and the reader can nev er be sure when a topic of special interest will be covered. Cancer Treatment and Research is a series of authoritative volumes which aim to meet this need. It is an attempt to establish a critical mass of oncology literature covering virtually all oncology topics, revised frequently to keep the coverage up to date, easily available on a single library shelf or by a single personal subscription. We have approached the problem in the following fashion. First, by di viding the oncology literature into specific subdivisions such as lung cancer, genitourinary cancer, pediatric oncology, etc. Second, by asking eminent authorities in each of...
