Rights of Access to the Media (Hardback)

By -

Kluwer Law International, Netherlands, 1996. Hardback. Book Condition: New. 230 x 156 mm. Language: English . Brand New Book. As broadcasting systems are transformed - both in societies making a post-communist transition and in the rest of Europe and the United States - opportunities for access are frequently put forward and debated. But little is done to analyze what is meant by access and how the concept fits into a theoretical framework. Access issues proliferate, not only from the new statutes concerning broadcasting licenses, but for cable television regimens and for the information infrastructures of the future. Access becomes the hope of social groups, religious organizations, politicians - redemptive in its impact on the democratic process. Given the range of uses, given the consequences imputed to access in the broadcasting field, more attention to its various meanings is long overdue.This volume of essays is a partial answer. The book has its origins in a conference held in June 1993 at the Institute for Constitutional and Legislative Policy at the Central European University in Budapest. The purpose of the conference was to gather scholars with a commitment to exploring the theoretical and actual implications of various access regimens as they have...
